

Royal Mail Hybrid Mail

Keeping your business connected to your customers while working remotely

It's as easy as...

1

You send your mail pack digitally

2

We print it...

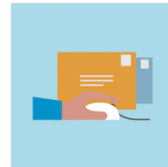

3

...and we deliver it

How Hybrid Mail can benefit your business

Royal Mail Hybrid Mail provides the perfect solution to the new working from home ways we are adjusting to. Ensure your important messages are delivered, without the need to physically print or post the items.

Flexible and agile

Manage your mailings from home direct from your desktop or laptop and choose from a range of postage options including UK and International.

Instant Savings

Streamline mailing processes to save time and money on in-house print and stationery. Save up to 46%¹ on the cost of traditional Business Mail.

Peace of mind

Your data is securely processed. We use the highest strength 256bit RSA encryption. Plus with free reporting you can keep a record of what you've sent.

Quick and simple

No special software or setup fees. Simply create your branded mail on our easy-to-use Hybrid hub. We'll print and safely deliver your communications.
